WATER SUPPLY TOUR—A group of more than 30 San Diego County women civic leaders recently toured the Metropolitan Water District's Colorado River Aqueduct system as guests of Harry Griffen, one of San Diego County Water Authority's representatives on the MWD Board of Directors. Mrs. Geraldine Antonette, 3265 Buena Vista, who is president of the L. G. Business Women's League, is shown with Griffen standing on one of the huge water delivery lines at Gene Pumping Plant near the Colorado River Basin. Griffen later was elected chairman of the irrigation district section of the Water Districts Assn. and vice-chairman of the District Securities Commission.

January Meetings Set To Explore SD Problems

WASHINGTON — Rep. Lionel Van Deerlin (D—S. D.) has arranged January meetings in Washington on two urgent San Diego items—leasing of the abandoned Naval Repair Facility and harassment of American tuna fishing boats off the west coast of South America.

The first meeting will be held Wednesday, Jan. 12, in the office of Deputy Assistant Defense Secretary William H. Point, who heads the property management office for the Defense Department. The purpose will be to negotiate a lease between the government and the San Diego Unified Port District for use of the 635-foot ship drydock at San Diego's Naval Repair Facility.

Bids Nixed

In September, Van Deerlin pointed out to the Defense Department that, although bids were opened on Sept. 17, 1964, on proposals for commercial use of the NRF, all bids were turned down and the multi-million dollar industrial plant had gone unused for a full year. The NRF, Van Deerlin noted, has the only graving dock south of Los Angeles Harbor.

Sitting in on next week's session will be port commissioners Robert Campbell of Chula Vista and Harry Sosnoski of Coronado. They will be accompanied by Port Director John Bate and Aaron Reese, port attorney.

Second Meeting

The second meeting arranged by Van Deerlin will take place Thursday, Jan. 20, and will be attended by Undersecretary of State Thomas C. Mann, in charge of Latin American affairs; leaders of the tuna industry, including the canneries; representatives of the State and Interior departments; and members of the California Congressional delegation. Chairman Cecil King, whose Los Angeles County district includes the fishing industry of San Pedro, will be present.

The session will explore possible solutions to the tuna fleet harassment problem and also will take up an apparent contradiction between the position of the State Department and the Interior Department.

Construction Encouraged

The State Department takes the position it cannot guarantee fishermen safe access to international waters off Latin America. The Interior Department's fishing boat subsidy program encourages construction of new turnaboats of a size that can be used economically only in these waters.

Van Deerlin said the Congressmen will also try to interest the Navy in the potential use of the tuna fleet as an auxiliary fleet. Noting that the Navy used the fleet during World War II, Van Deerlin said the Navy should be vitally interested in the threatened loss of the tuna fleet in view of the fact a similar emergency may arise again.

Highlander Store To Move To Center

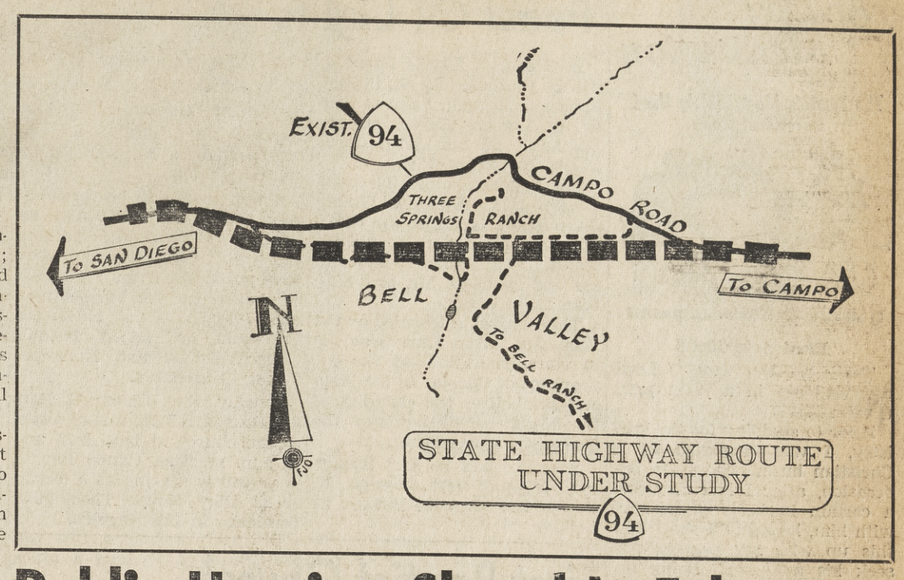
Evans Construction Company, 9631 Grossmont Blvd., La Mesa, has been awarded a contract to construct a Highlander Store in the College Grove Shopping Center.

The Highlander Store at 7865 Broadway, Lemon Grove, will be vacated and moved to the College Grove location April 1, Dave Phair said.

Phair said the new College Grove men's clothing store will be the 5th Highlander with the other stores located in La Mesa, Pacific Beach, Chula Vista, and Mission Valley Shopping Center.

Dave Evans, the La Mesa Builder, said his successful bid was for $58,500.00.

Native stone was used in the construction of Arizona's capitol.



Public Hearing Slated In Feb. To Discuss Proposed Realignment

A public hearing will be held by the State Division of Highways at 2 p.m. Feb. 2 to discuss the proposed realignment of a 1.1 mile section of State 94 between 2.8 miles and 3.9 miles east of Potrero. The meeting will be held in the auditorium at the State Division of Highways District Office, 4075 Taylor St., San Diego.

The proposed new alignment will bypass a section known as "Frenchy's" or "Three Springs" curve. This is part of the continuing program of realignment and widening projects on State 94 between the Sweetwater and Interstate Route 8 in southeastern San Diego County.

Jacob Dekema, district engineer for the Division of Highways, said that the purpose of the hearing is to keep the public informed on highway matters and to obtain information which will assist the Division in planning for future improvement of that highway.

Economic and cultural needs of the community, as well as traffic requirements, must be evaluated before a recommendation to the California Highway Commission is made, according to Dekema.

A complete transcript of the hearing will be made and presented to the California Highway Commission to aid in making a decision on the future highway location.

Harry Griffen Named To Two State Posts

Harry Griffen, of 8305 Alton Dr., Lemon Grove, has been elected an officer in two state organizations. Griffen, who is chairman of the board of the Helix Irrigation District, was named chairman of the Irrigation District Section of the Water Districts Association of California at a convention in mid-December in Las Vegas.

He was also elected vice chairman of the District Securities Commission at a meeting in San Francisco.

Griffen is also a member of the San Diego Water Authority and Metropolitan Water District board of directors. He was named chairman of newly formed Irrigation District Section of Water Districts Association. There are 80 districts in the section. There are 254 member agencies in the Association. Three fourths of all the water distributed in California is done through members of the organization.

Griffen's appointment to the seven-man Securities Commission was made last June by Gov. Brown. His election as vice chairman occurred early last week.

He is one of three members who are appointed. A. Henley, an attorney of San Jose is chairman. Four other members are statutory officers. They are state treasurer, attorney general, superintendent of banks and director of water resources. The three appointed officers are from three geographic areas of the state in which they live.

First Twenty-Five Subscribers Listed In New Reader Drive

Fifteen names are being added to the subscriber list this week to help local charities carry a growing load emergency welfare cases.

Earlier, ten families received credit for helping the local Welfare by subscribing to this publication at the regular rate for one year. It is anticipated that the list will grow at the rate of 25 new readers each week.

A contribution will be made to the Spring Valley Welfare when a Spring Valley resident subscribes. Likewise, a contribution will be made in Lemon Grove when a family residing there subscribes.

In Spring Valley, Mrs. Harriet Allen reported that Welfare resources were at a record low. In Lemon Grove Mrs. Margaret Sayward said that the holidays had depleted the Welfare stockpile there.

Welfare organizations in each of these communities meet the emergency needs of unfortunate families.

A contribution of 25c is made in the name of each new family who subscribes.

APPOINTED — Mrs. Marion Higgins, wife of KOGO news director Pat Higgins, has been appointed by Governor Brown to serve on a Citizen's Advisory Committee which will stage the Governor's Conference on California Beauty at Los Angeles' Ambassador Hotel, Jan. 11 and 12. Vernon, Lemon Grove, was appointed because of her past activities in this field.

Lemon Grove Water Firm Sold For Half Million Dollars

A Lemon Grove firm has been sold for more than a half-million dollars and the buyers are going to make it even bigger.

Sale of the Lemon Grove Culligan Water Service, 3315 Olive St., by Virgin Stevens was revealed this week as the new owners took over. The sale was effective Jan. 3.

Purchasers are Larry Clark and Trenton W. Huls, owners-operators of the El Cajon Culligan Service. The pair said they would merge the El Cajon operation with its 12 employees into the newly purchased firm. The Lemon Grove firm employs 14. The new owners said the same personnel will be retained.

Included in the sale are four buildings on the 140 by 240 foot Olive St. property.

Stevens bought the Culligan franchise 17 years ago for $40,000. Two years after the purchase, Stevens transferred the operation to Lemon Grove. During that time the firm grew from 200 users to more than 3,000 users, Stevens said.

Stevens, and his wife Alice L. will move to Lebanon, Mo. Sunday to live on a 1,485-acre ranch with 182 registered Black Angus cattle. He previously raised cattle on a ranch in Colorado, he said.

"When I reached 55 last year I decided we ought to retire and have some fun. We're going to make a fun business of raising cattle," he added.

More than 60 Culligan dealers from all over the nation are holding a farewell party Sunday on Shelter Island for the Stevens.

Included will be the new owners Clark and Huls whom Stevens encouraged to start a franchise in El Cajon 10 years ago.

During the 15 years Stevens lived in Lemon Grove he was active in Masonic and Lions clubs.

LG-SV Not In Plans

SAN DIEGO (CNA) — No unincorporated territory has been included within the boundaries of the proposed Metropolitan Public Transit District.

Boundaries were filed yesterday with the local Agency Formation Commission by the committee from Metropolitan Area Rapid Transit.

Committee chairman Richard Gautereaux said "Lemon Grove and Spring Valley and other unincorporated territories can be included by the Board of Supervisors. If not, there would be no director on the district board representing non-city portions. The district would, however, have the power to extend service beyond its boundaries."

If an election is called, San Diego will vote as an entity as will El Cajon and La Mesa and National City, Chula Vista, Coronado, and Imperial Beach.

Lemon Grove and Spring Valley will vote with the East County cities if included.

Voters in San Diego and one of the other areas must approve the district for it to be formed.

The election may be called by City Council resolution or by petition. The committee is aiming for a June 7 election.

Assessor: Grand Jury's View

The 1965 San Diego County Grand Jury last week issued a 75 page report, of which 3 pages were devoted to the County Assessor's office.

The Assessor's office has been under fire since August when District Attorney Don Keller traveled to Castro Valley to examine the books of a tax advisor whom, it was alleged, enjoyed special favors from one or more members of the Assessor's office.

Keller's detractors suggested that the D. A. made the trip for publicity, a little later Assessor John McQuilken died after taking a quantity of pills and the Coroner said he died by his own hand. Inference of irregularities in the assessor's office was not followed by indictments but the suspicion of wrongdoing continued to exist in the minds of many taxpayers.

The Supervisors, in December, appointed former FBIman E. C. Williams as Assessor in an attempt to improve the image of the office. If Williams can't achieve this purpose soon, the office is in for more trouble.

The Grand Jury's report viewed some of the weaknesses attendant the office after the scandal broke last year.

Among the recommendations the Grand Jury made for either the California State Assembly or the County Assessor were the following:

1. Adopt a uniform assessment ratio, publicly announce this ratio, and assess at the announced ratio.

2. Permit inspection of Assessor's non-public records by officials of authorized law-enforcement agencies under specified conditions.

3. Require property tax consultants and tax agents who represent clients in matters of property assessment to periodically register with the assessor and provide authorizations signed by their clients.

4. Deny assessor of his deputy the right to serve as property tax consultant or agent while serving or working in an assessing capacity.

5. Require assessor to notify the assessee of both the appraised value and assessed value of his property.

6. Give subpoena powers to the Board of Supervisors while it is sitting as a Board of Equalization enabling it to require attendance of witnesses and records.

7. Permit assessor to retain outside appraisers if required to establish current assessment values rather than values based on cylcic appraisals.

8. Consider furnishing every taxpayer with a copy of "Finances of Local Government" prepared by the county. Many taxpayers now never see this summary because their copies and tax bills are sent directly to mortgage servicing agencies.

9. In the purchases of school property by city or county, ten to twenty times the assessed valued is often paid. The Assessor's appraisal should be introduced as expert evidence in arriving at the price.

10. Study a more realistic policy on depreciation of machinery and equipment. Assessment ratios as high as 200 percent of market value results from denying depreciation below 50 percent of original cost.

11. Initiate legislation to enable the Auditor-Controller of San Diego County to audit and examine the property statements as well as the assessment records and procedures of the Assessor's office.

The Assessor's office has much valuable public relations ground to recover and these guidelines may help it to accomplish it.

Short Cut Found For Tapping

The Unemployment Insurance Association of Sacramento, with its hackles raised, has charged that the Southern California Teamsters Council No. 42 advises its members how to "beat" changes in the new Unemployment Insurance Law passed by the last legislative session.

The new UI law increased the benefits in September from $55 to $65 a week but it strengthened the voluntary quit and misconduct discharge disqualifications aspects of the law.

Read Acts 10:1-8

Teach me thy way, O Lord, and lead me in a plain path. (Psalm 27:11)

Prior to studying for the ministry, I was employed by a Christian businessman. On one occasion, after I had discussed a certain business proposition with him, he said, "I shall take this up with my partner and seek his guidance." Being unaware that he had a business partner, I inquired of another member of the staff. He took me to a small room adjoining my employer's office. There we found him in prayer. He was discussing my proposition with God, his business partner.

The tenth chapter of the Book of Acts records how guidance through prayer brought together the apostle Peter and the gentile centurion Cornelius, thus changing the lives of both.

Many of us muddle through life in attempting to live on our own. We take chances even in matters of vital importance. But when we realize how helpless we are in directing our lives, we will seek the guidance of God through humility and sincere prayer.

Prayer for the day:

Our heavenly Father, we beseech Thee so to guide us this day that at its close we shall find we have become more like Jesus in all our thoughts, words, and acts. Bless us with Thine indwelling presence. Use us for Thy divine purpose, through Christ our Savior. Amen.

Thought for the day:

Guidance is always good when it is God's guidance.

Girl Scout Chatter

by Mary D. Giacinto

Jan. 22, 1966 from 10 a.m. to 12 p.m. at Westgate Park in Mission Valley, the Girl Scout Council will meet for "a tribute to friendship." All girl scouts in our council will have the opportunity of hearing Lady Olave Baden-Powell, world chief guide. Lady Olave Baden-Powell is the wife of the founder of boy scouting in England.

If possible, in order to make the meeting smoother, adults are asked to please leave small children at home. Uniforms should be worn by all connected with scouting. Inclement weather is the only factor that could postpone the meeting.

All scouts have been practicing songs, consulting handbooks, boning-up on the lives of Lord and Lady Baden-Powell in order to make the event a more memorable one.

It should be a most edifying sight to see all our girl scouts in scout dress, and quite exciting to hear the messages of one so prominent in the world of scouting.

Four Shows Planned By Starlight Opera

Love in San Francisco's Chinatown, marital strife in a modern Shakespearean actors' company, Mark Twain's classic boys' adventure on the Mississippi, and a World War II romance on a South Pacific island will all be portrayed in four shows on the Starlight Opera stage this summer in Balboa Bowl.

Valerie Post, Starlight president, today announced that the 1966 Starlight summer season will consist of four shows: "Flower Drum Song' 'July 14, 15, 16, 17, and 21, 22, 23, 24; "Kiss Me, Kate" July 28, 29, 30, 31, and Aug. 4, 5, 6, 7; "Tom Sawyer" Aug. 11, 12, 13, 14, and 18, 19, 20, 21; "South Pacific" Sept. 1, 2, 3, 4, and 8, 9, 10, 11.

Artistic Director

Dr. William J. Adams, whose directing talents brought Starlight to a new peak in artistic perfection last year, will serve as artistic director for "Flower Drum Song", "Kiss Me, Kate", and "South Pacific'. Arthur Noll, who assisted Adams last year, will be artistic director for "Tom Sawyer.'

"Auditions for all four shows will be held in February and details will be announced shortly," Dr. Adams said. "San Diego County has a tremendous resource of talent in all phases of the performing arts and, as has been traditional with Starlight, we will find our musicians, actors, singers, and dancers—as well as stagehands, technicians, and general participants—right here in our own community. We know we'll be using people whose talents continually give Starlight audiences the satisfaction of seeing the top shows performed with flair and skill."

Starlight Goal

Mrs. Post explained that once again this year, it will be the goal of Starlight, as San Diego's Civic Light Opera Association, to deliver the highest value in entertainment with admissions priced from $1 to a $4 top so that everyone, including ful families, can enjoy Starlight ir the casual and charming sum mer theatre atmosphere of Bal boa Bowl.

The theatre itself has beer modified and improved consid erably over the years a part of Starlight's performance: there is literally under the star: in the midst of beautiful Bal boa Park.

The 1966 season will be the 21st for Starlight, which gave its first performances in Wege forth Bowl—now the site of the seal shows at the Zoo.

Moose Lodge Move Set

The Lemon Grove Moose Lodge will occupy the building at 8375 Broadway, in Lemon Grove in mid-January, it was announced this week by Val Flau, governor of the lodge.

The organization presently occupies quarters at 1805 Englewood Dr., Lemon Grove.

The new location is the former Sherwood's Restaurant. The restaurant closed approximately three years ago and has not been occupied since.

The Lemon Grove Moose Lodge was instituted in May 1964 with a membership list of 103.

Flau said the move was being made to accommodate expanded lodge activities. The new location is not the optimum size, Flau said "but if the lodge continues to grow a building expansion program will be undertaken. It was the only other site available to us that could be used as a lodge meeting place," he said.

Moose meetings are attended solely by bona fide members. Lodge social events are frequently opened to guests of members.

Remodeling work is under way at present.

In addition to Flau, officials of the lodge include: John Shinafelt, Junior Governor; Leo Gersch, secretary, and seven other officials.

Mezzo-Soprano Slated To Perform Monday

One of the brightest lights illuminating the current musical scene of America is the lustrous-soprano voice of Frances Bible who will perform for the Grossmont Community Concert Association, Monday at 8:15 p.m. in the Grossmont High School Auditorium.

Perhaps best known for her interpretation of stellar roles on the Opera stages of New York, San Francisco, New Orleans and other metropolitan cities, Miss Bible is equally at home as a guest soloist with major symphony orchestras. And as a recitalist, she has repeatedly emerged triumphant, acclaimed by press and audience alike.

Often her vocal qualities have inspired analogies to precious metals and jewels. "Pure as crystal and timbre and of coral brightness" reported the Herald Tribune of a New York recital. When she appeared in Boston in opera, the Christian Science Monitor said, "The notes were strung together like pearls," and to a Detroit critic "Her voice is a polished instrument of golden tone."

Miss Bible's performance will be preceded at 6:30 in the dining room by the third annual Pre-Concert Dinner sponsored by the Women's Committee of the association.

Mrs. Walter A. Folcke, social chairman of the Women's Committee will work with Mrs. Gilbert Harelson, social chairman of the Mt. Helix unit and her committee. Red hawthrone berries will be used with miniature instruments to decorate the tables. Mrs. John C. Mayer, president of the Women's Committee will preside at the head table.

In the receiving line will be Dr. and Mrs. Edward A. East, Mr. and Mrs. George C. Jach, and Mr. and Mrs. Richard H. Applin. Hostesses will be Mmes. Clarence Blank, E. H. Curriden, Joseph F. Golden and LeRoy W. Knutsen.

FASHIONS—Jill Shockney, a Grossmont College freshman from El Cajon, displays a shift she will wear in the college's "All Aboard For Fashion" program, which will be held with a luncheon Jan.. 14. The fashion show will be staged in the student center at Grossmont College beginning at 11 a.m. It is open to the public and students. The Grossmont College Home Economics Department is sponsoring the show.

LETTERS TO THE EDITOR

To the Editor:

We want to express our sincere appreciation of the fine coverage given by your paper in our urgent appeal for funds for the Mount Miguel Marching Matadors to march in the New Year's Rose Parade at Pasadena. The generous response of the public from all over the County of San Diego made the trip even more exciting to the participants. The Music Parents Club are glad to know that the public is as interested in youth organizations such as this as each one of them is.

Sincerely,

Dear Editor:

The people of La Mesa-Spring Valley School District voted 2 to 1 for State Superintendent Max Rafferty because they liked his ideas on basic education. It is ironic now that the district has a program emphasizing basic education, Amidon, in effect, we're about to lose it because of the same professional educators who fought so vehemently against Rafferty.

Apparently emphasis on basic education is against what our local educators believe in. Is social adjustment, self indulgence, and molding society what they prefer to emphasize?

The administrators of this district have done everything within their power to tear down the Amidon program of basic education, yet the teachers and the parents of the "Amidon" school already see many great advantages over the permissive type of education the children were receiving before.

Amidon is a good plan. It is an insurance policy for parents to assure that their children will be taught the essentials of education. It's what Dr. Rafferty stands for, its what the La Mesa-Spring Valley voters said they wanted. Why, then, won't our professional administrators let the people have it?

CoC To Move To Grove St.

The office of the Lemon Grove Chamber of Commerce will be moved by the end of the month, it was announced Tuesday by Alex Woods, Chamber president.

The group will vacate its present offices at 3448 Main St. to 3560 Grove St. where an office will be shared with the Lemon Grove Travel Bureau.

Economy dictated the move, Woods said. The Chamber will reduce its annual expenses by approximately $1,000 a year, he he said.

Surplus office furniture and equipment will be sold in a rummage sale and local business firms are being requested to donate any surplus furniture they may have to make the sale "really big" said Sam Pernicano, in charge of the project. Date of sale will be announced later, Pernicano said.

The Chamber will set its annual Lemon Grove identification days event for May, Woods said. Dr. Sam Smith is temporary chairman of the event. Last year the event was built around a parade of vintage cars with lemon pies being distributed to the drivers.

At Tuesday's meeting, winners of the annual Christmas lighting contest were feted.

Not Guilty Plea Entered By Ontjes

A Lemon Grove man has pleaded not guilty to a charge of attempted bank robbery of the La Jolla branch of the Bank of America.

Alvin Anthony Ontjes, 43, of 7097 Waite Dr. is accused of the Nov. 29 robbery attempt. His plea was entered by attorney John van Benthem III.

According to Federal Bureau of Investigation officers here, Ontejes was arrested within ten minutes of the holdup after bank employees followed the defendant from the bank and took down the license number of a car.

The FBI reported it found a .22-caliber automatic pistol and a bank deposit slip when Ontjes was arrested.

THE WEEK IN SPORTS

Aylward Sparks Monte Vista Win

Guard Rick Aylward pumped in 15 points with seven goals and a free throw to spark Monte Vista Monarch's to a 38-37 win over El Cajon Valley High Tuesday in the first Grossmont League game of the season for both clubs.

The Monarchs actually won the nip-and-tuck affair in the second period when they posted a four-point advantage. Otherwise, the quarter scores were fairly even.

Lead Fails

El Cajon which was paced by senior forward Norm Bettencourt's 12 markers, took a 10-9 lead in the first period but couldn't hold it as the Monarchs came on with a rush in the second stanza.

Monte Vista out-pointed its opponent 12-8 in the second quarter to lead at halftime, 21-18.

El Cajon came back in the third period to close within one point at 26-25.

Final Quarter

But the Braves failed to catch Felix Rogers' crew as both clubs battled to a 12-12 standoff in the finale.

Steve Womack and Brent Finney each put nine points through the hoop to take second in scoring to Aylward.

John Hnatek had four and Alan Phillips one to round out the Monarch scoring.

El Cajon's Ray Sutton was next for his club with nine.

At Grossmont

This Friday, Monte Vista will be at Grossmont High to take on the Foothillers, 50-46 upset victors over El Capitan Tuesday.

Griffins Face Mesa

Pacific Southwest Conference defending basketball champion Grossmont College will meet Mesa College's Olympian Saturday night at 8 in the Griffin Gym.

Landis sports a 23.4 average per game to top all Griffin scorers. Steve Howe, who led the Griffs to two victories over Glendale College of Arizona last weekend, is second in scoring with 158 points and a 13.1 per game average. Roberson is third at 132 and 11.0.

'Patience' Slated For Opera Workshop

Gilbert and Sullivan's comic operas are now a New Year tradition with the Opera Workshop of San Diego State. Sixth annual production is "Patience," a lively musical satire about the romantic rivalry of two long-haired poets of the 1880's.

Evening performances will be given in the music auditorium at 8:15 p.m., Fridays and Saturdays, Jan. 7, 8, 14 and 15. Matinees are scheduled for 2:15 p.m. on Saturdays, and 3 p.m. Sunday, Jan. 9 and 16.

Tickets, at $1.25 each, may be purchased at the box office before the performance, or by mailing a check to the San Diego State Opera Workshop, San Diego State College, San Diego, California 92115.

"Patience" satirizes the English aesthetic craze of the eighties and pokes fun at the devoted followers of certain types of poets. There is a general belief that the two rivals, Reginald Bunthorne, "the Fleshly Poet," and Archibald Grosvenor, "the Idyllic Poet" are caricatures of Oscar Wilde and Algernon Charles Swinburne.

Kay Skerritt, a sophomore theatre major at San Diego State, is one of the "rapturous maidens." She is the daughter of Mr. and Mrs. Thomas Skerritt of 9346 Crest Dr., Spring Valley. Miss Skerritt is a graduate of Monte Vista High School.

Students from Lemon Grove participating in the event include accompanist Linda Fyock, Wayne Beach, Raymond Bevier, Sherry Bullock, Kathy Davis, Tim Maynard, Noel Reynolds, Wayne Sisk and Sandy Winters.

There are 450 known species of bats.

Australia's senate has refused to raise income taxes by 2½ per cent.

KIWANIANNES—Mrs. Vernon Officer passes the gavel of the office of president to Mrs. Kenneth Conrad as a fresh year commences for the Lemon Grove club. Term is for one year. Mrs. Conrad's husband was president of the L. G. Kiwanis club in 1964. Dr. Vernon Officer is the president for 1966. The Kiwaniannes aid the men in community work and fund raising.

Dr. Freeman To Speak At Open Forum

Two points of views on "Big Government" will be presented at San Diego Open Forum meetings in January and February.

Dr. Roger A. Freeman, a senior staff member of the Hoover Institution on War, Revolution, and Peace at Stanford University, will discuss the question, "Big Government — Friend or Foe?" Sunday evening at 8 in the auditorium of the First Unitarian Church, 4190 Front St.

Dr. Seymour E. Harris, chairman, Department of Economics, University of California, San Diego, will consider the question conversely when he addresses the Open Forum, Feb. 6. His subject will be "Big Government—Foe or Friend?"

Formerly in the management end of large corporations, Dr. Freeman has served on the White House staff and on foreign assignments. He has also been a research aid to Presidential Commissions and an assistant to the governor of the state of Washington. He is the author of several books and numerous articles.

Now conducting its 46th annual lecture series, the Open Forum is San Diego's oldest public platform for the free discussion of ideas. The audience participates in the consideration of all subjects presented during a question-and-answer period following each address.

The public is welcome.

The DIMMER VIEW

Continued

The 5-week waiting period for discharge because of misconduct, or quit, was replaced with an indefinite disqualification which required the applicant to return to work and earn five time his weekly benefits before qualifying for UI benefits.

The Teamsters, in an official publication, advised its members: ". . .Since the law applies only to your MOST recent work, you will not be penalized (after September 16) if the most recent work (work done before filing a claim) lasted only a few hours.

"For example", the publication advises, "if a claimant last worked for 20 years and was fired for slugging his employer or quit because he did not like his attitude, he will be disqualified until he has earned five times his weekly benefit. But if the same individual holds off from filing a claim and works half a day as a lumper, or driving a taxi or picking tomatoes and is then LAID OFF, he is NOT subject to penalty. So if you quit or are fired, play it safe and try to get a temporary job before you go down to file a claim."

J. Richard Glade, executive vice president of the Unemployment Insurance Association, an organization of California employers, decried the action of the Union.

He says that the "friendly employer" that hires such a man becomes the Most Recent Employer and the applicant is then free to receive insurance benefits.

"As the unemployment insurance tax is paid only by the employer—the employee makes no contributions to this fund—we feel strong measures should be taken to halt this dangerous practice."

Glade claims benefits paid to UI claimants in 1964, under the $55 weekly maximum, amounted to 3.05 percent of taxable wages, slightly more than the 3.01 percent average tax rate imposed on employers.

Exploitation of the UI fund as suggested by the Union will only serve to deteriorate the entire UI program further, Glade warned.

What's more, it adds another group to those who have disrespect for all law when a parent organization encourages bending a law for individual gain.

Money Management

By Harold R. Glaeser

In buying a car, appliances or furniture on time do you stop and ask the question, "What simple interest rate am I paying?"

A 1½ per cent monthly charge on your unpaid balance is actually 18 per cent simple annual interest.

A 8 per cent "ad-on" or "discount" auto loan works out to almost 16 per cent simple annual interest.

You might say to me—Yes but I only paid $8 interest for each $100 I borrowed. This would be true if you had use of the money for one entire year but you make a payment each month thereby reduceng the outstanding balance.

Even a 5/6 of 1 per cent each month on unpaid balance through a credit union is 10 per cent simple annual interest

Many time a bargain is not a bargain when you have to pay these high interest rates. Why not wait and pay cash?

For answers to your specific questions, write Mr. Glaeser in care of this paper.

Seniors May Apply For Army OCS Program

Recent changes in Army directives now permit college seniors to apply for the Army Officer Candidate School program any time during their senior year, according to Sergeant Edwards, of the Army recruiting office, 356 N. Magnolia Ave., El Cajon.

The sergeant explained that potential candidates will be thoroughly tested and, if qualified, receive the Officer Candidate School option in writing before enlistment.

To qualify for the OCS option, individuals must be college graduates; between 18½ and 27 years of age; U. S. citizens and able to pass mental and physical examinations as well as a special OCS board composed of active Army officers.

Upon college graduation, candidates will be enlisted for two years with a guaranteed space in the OCS course of their choice. Qualified applicants may choose Infantry, Artillery, Engineer, Signal or branch immaterial which leads to a commission in Armor, Quartermaster, Ordnance or Transportation.

Upon successful completion of basic training, trainees will be promoted to sergeant (E-5) prior to attendance at OCS. The OCS candidate receives pay and allowances of a sergeant during OCS and is commissioned a second lieutenant upon graduation.

Further information about this enlistment option may be obtained by contacting Sergeant Edwards at the Army recruiting station or by phoning 442-5700.

This Week's Spanish Lesson Explores 'Key'

Reading time 3 Min.
Study time 5 Min.

Our first "key" was 'quiero' (key-AIR-o). It means, 'I want', I de ire'. Now, we will add to this "key". The verb 'to go' is ir' in Spanish. It is pronounced, 'ear', in English sound; so, if you want to say, 'I want to go', in Spanish, you simply say in English, 'key-AIR-o/ear (quiero ir). That is all! 'I want to go' —— where? 'I want to go to the hotel'. Just say in English, 'key-AIR-o/ear/ahl/o-TELL (quiero ir al hotel).

You can already see hoy "key" No. 1, 'quiero' (key-AIR-o), can unlock all verbs in the Spanish language when used in the infinitive form. For example, 'I want' (quiero) obviously calls for another verb —— an infinitive: I want **to go, to eat, to sleep**, etc. Many Spanish verbs are similar to English, such as:

A — English; B — Spanish; C — Sound.

A) to practice
B) practicar
C) prahk-tea-CAR
A) to rent
B) rentar
C) rain-TAR

So, if you desire to say, 'I want to practice', or 'I want to rent', you need only use your "key", 'quiero', with the Spanish infinitives, 'practicar, or 'rentar':

A) I want to practice.
B) Quiero practicar.
C) key - AIR -o / prahk - tea-CAR
A) I want to rent.
B) Quiero rentar.
C) key-AIR-o/rain-TAR.

It's simple when you use the "keys" --You don't have to conjugate verbs! You use the infinitive, which never changes.

Now you see that you can join your infinitives with your "keys" (the same as you do in English), and are able to avoid the conjugation of verbs:

A) 'I want to go to rent'.
B) 'Quiero ir a rentar'.
C) 'key-AIR-o/ear/ah/rain-TAR'.

See how easy it is? You use "keys" to avoid conjugations, and use the English sound to produce the Spanish pronounciation.

When the Spanish verb does not resemble the English, you will find that you can often rely upon association. For example: The Spanish verb, 'dormir', means, 'to sleep'. Associate 'dormir' (door-MEAR) with the English word, 'dormitory', which will immediately suggest 'sleep' to you. Now, if you want to say, 'I want to sleep', use "key" No. 1, 'quiero' (key-AIR-o), with 'dormir' (door-MEAR).

A) 'I want to sleep'.
B) 'Quiero dormir'.
C) 'key-AIR-o/door-MEAR'.

Your next "key" is, 'voy a'. It means, 'I go', 'I am going', 'I will go'. It is pronounced in English sound, 'voy/ah'. Thus, 'I am going to sleep' would be, 'voy a dormir' (voy/ah/door-MEAR).

Peace Corps To Give Test

Lemon Grove-Spring Valley area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a.m. on Saturday, Jan. 8, at Room 219 of the Post Office Building in San Diego.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measurers general aptitude and the ability to learn a language, not education or achievement. (If test scores indicated a limited language-learing ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive —an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.
